COMMISSION**

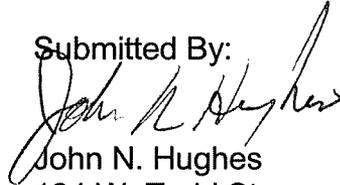

MOTION

Parksville Water District, by counsel, moves for an order suspending the procedural schedule in this matter and holding the case in abeyance. On May 22, 2008 the Commission in Case No. 2008-00176, *In the Matter of: Alleged Failure of the City of Danville to Comply with KRS 278.180 and the Commission's Order of August 10, 1994 in Administrative Case No. 351*, issued an order directing Danville to show cause why it should not be penalized for failure to comply with regulations applicable to wholesale water adjustments. Two issues identified in that order, namely whether Danville gave notice of its rate increases and whether improperly collected rates should be refunded, are the subject of this action initiated by Parksville.

Several procedural matters including a hearing are scheduled in this case. Adherence to the procedural schedule will result in duplication of the investigation that is an essential element of Case 2008-00176. To avoid this duplication of time and effort, the procedural schedule in this case should be suspended and the case held in abeyance pending the decision in Case 2008-00176.

For these reasons, Parksville moves for an order suspending further action in this case pending the final decision in Case 2008-00176.
